Profile

Computer Science undergraduate with a strong technical foundation in Full Stack Development and Cloud Computing. Proficient in C, Python, Java and AWS, with practical experience building scalable web applications and ML pipelines. Committed to engineering excellence and community leadership.

Education

SR University, B.Tech in Computer Science and Engineering [Transcripts](#) — Aug 2024 – May 2028
CGPA: 9.52 / 10 Warangal, India
Relevant Coursework: Operating Systems, Cloud Computing, Computer Networks, Data Analytics, Web Technologies.

Technical Skills

Languages: Java, Python, C, JavaScript (ES6+), SQL
Frameworks & Libraries: Node.js, Express.js, Pandas, NumPy, Scikit-learn, HTML5, CSS3
Cloud & Databases: AWS (EC2, S3, SNS), MongoDB, MySQL
Developer Tools: Git, GitHub, RESTful APIs

Technical Projects

Health Chatbot

- Built a chatbot to answer basic medical queries.
- Implemented NLP-based symptom response system.

MindCare AI

- Developed an AI-based mental health support chatbot.
- Provided simple mood analysis and guidance to users.

Stock consultant Agent

- Developed a Stock Market Analysis system that takes a user's investment portfolio as input and analyzes stock performance.
- Generates visual reports and charts to show profit/loss, performance trends, and risk levels.

Experience

UdhbavaX'26 2026 — Participated in a competitive hackathon and Secured First Position this problem statement focused on developing a cold storage system which alerts and monitors farmers when threshold temperature reached.
Menties Hackathon 2025 — Participated in a competitive hackathon focused on developing creative software solutions while enhancing teamwork and rapid problem-solving skills.
Smart India Hackathon (SIH) 2024 — Collaborated with a team in a national-level hackathon to design and prototype an innovative technology solution for a real-world problem.
Denovate HackWithHyderabad 2024 — Participated in Denovate Hackathon, Hyderabad, collaborating with a team to develop innovative technology solutions under time constraints.

Certifications

Amazon Web Services - AWS	2025
Computer Networks - Cisco Networking Academy	2025
Introduction to Git and Github - Cisco Networking Academy	2026
Prompt engineering - Google	2025
Introduction to Modern AI - Cisco Networking Academy	2026
